

1. Revision log:

The company is monitoring the situation continuously through appropriate channels and will update information as the situation changes.

The below is general information of how Østensjø Rederi currently handles the Covid-19 situation.

2. COVID-19 Vessel Actions/Best Practices

#	DESCRIPTION
1	All employees should regularly check local regulations in the area of location. Vessels needs to monitor local/national restrictions/requirements (port and local health authorities etc.)
2	If Customer/client requirements are more stringent than local authority requirements and recommendations, they should be adhered to. These requirements are regulated through contract and bridging documents. Notify office if these actions have a commercial impact.
3	All personnel are to clean hands every entry and exit to Gym / Sauna / Messroom / Offices.
4	Extra cleaning of public area handrails / door handles shall be done.
5	Poster regarding good Hygiene measures is to be posted onboard. See Circular letter # 2020/008
6	If customer/client have a requirement for testing prior to boarding all personnel shall carry out an Covid-19 test before travelling cross borders. Even if fully vaccinated.
7	If personnel onboard are experiencing symptoms of Covid-19 (are sick), evaluate preventive measures such as distancing and use of face mask.
